

# Associate Profile Stephen Wilson

With a coaching career spanning 20 years, informed by several years of hands-on delivery in senior executive roles, Stephen has both empathy to understand the reality of the day to day and experience of delivering a vision to help senior executives reach their fullest potential and engage effectively with their teams. This, in turn, drives success in an organisation.

In addition to his one-to-one coaching assignments, he has developed a successful practice working to improve team performance at leadership levels. He is also a co-facilitator on a number of global leadership development programmes in the US, India and across Europe.

Stephen works with CEOs and directors of FTSE companies and Board members of global and public organisations across all sectors. Current and recent clients include: Fujitsu; Alcatel OneTouch, Yeovil District Hospital, Brighton Integrated Care Services (BICS), Ordnance Survey, Bovis Homes, Vodafone, AMEC Foster Wheeler and Channel 4. He is a Trustee of the Watershed, a leading film culture and digital media centre.
